**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It is beyond important to me that I have many options in a competitive market when it comes to my Internet connection. I am extremely lucky to live in San Francisco, the city that allowed a smaller company called sonic to compete with the former monopoly that is called Xfinity Comcast; Who were more than twice the price for 1/10 the speed and were very unreliable in multiple ways. Another large reason I prefer sonic, is because they are able to protect my IP Address and go against political interests trying to destroy net neutrality, unlike the other competitors in my local region. It is unfair what AT&T are trying to do to their infrastructure. This is America, it should be an open competitive market, not a monarchistic monopoly.
